

Premier Care Suite | Pacific Coast Care Centre – Te Manaaki.

NEW AGED CARE | OPENING SOON | EXPRESSIONS OF INTEREST

Generus Living Group and Mangatawa Papamoa Blocks partnership are excited to announce the imminent opening of the Pacific Coast Village Care Centre – Te Manaaki in June of this year.

Pacific Coast Village is known for unprecedented resort-style facilities rarely seen in New Zealand. The Pacific Coast Care Centre - Te Manaaki is a continuation of this considered design. Crafted to provide residents with a sense of luxury and security in their latter years. The completion of the Care Centre will allow Pacific Coast Village to offer a full continuum of care - from independent living, serviced apartments to residential care - with quality and consistency throughout.

The Care Centre is a modern facility with 58 highly appointed care suites over two levels, offering rest home and hospital level care, including palliative and end of life care. Like other Generus Living care centres, Te Manaaki will place a significant emphasis on personalised care, where residents will take the lead in their own lifestyle and be supported by a collaborative approach between our multidisciplinary clinical staff and family. It is recognised that this extra time, effort and energy to adopt and engage in this model of care delivers significant outcomes, enhancing the daily life of both our residents and team.

If you are seeking to follow your passion in life in an environment that is focused on quality care and superior outcomes, we would invite you explore this unique career opportunity. We will have a blend of full time, part time and casual roles available, with a variety of shifts commencing from May 2023.

We invite expressions of interest from exceptional people to join our team for the following roles:

Clinical Manager
Registered Nurses
Health Care Assistants
Care Centre Receptionist & Administrator
Activities Co-ordinator
Housekeeping Attendants & Laundry Attendants

We certainly appreciate the market is presenting significant employment choice at this time. This opportunity presents something a little different. An up-scale residential aged care environment, within a progressive and innovative private company setting new benchmarks in aged care. The new Care Centre offers excellent career progression and development opportunities.

If you are curious, challenged and delighted by what you have read we would invite you to express your interest.

Please forward your expression of interest via an introduction letter and CV to talent@pcv.co.nz by Monday 27 March 2023.
